Education

University of Leeds

Graduated 2026

BSc Computer Science — Upper Second Class Honours (2:1)

Technical Skills

JavaScript, Python, Java, Vue.js, Django, PostgreSQL, HTML5, CSS3, Docker, Git, GitHub Actions, Railway, Agile Scrum

Work Experience

Technology Consulting Placement Intern

September 2024 - September 2025

PwC Digital

- Engineered a variety of internal dashboard monitoring systems utilizing Vue.js frontend layouts and Django REST services.
- Automated enterprise client reporting pipelines, converting legacy manual data spreadsheets into secure SQL schemas.
- Participated in comprehensive technology architectural reviews for high-value external financial clients.

Personal Projects

Full-Stack Enterprise Event Workspace

Technologies: Vue.js, Django, PostgreSQL, GitHub Actions, Railway

Designed a complete event scheduling and ticketing engine, configuring fully automated GitHub Actions CI/CD to deploy builds on Railway.

Scalable Portfolio Management Interface

Technologies: Python, Flask, SQLite, TailwindCSS

Built an interactive equity tracking application allowing users to simulate mock financial holdings using live asset tracking feeds.

Interests & Hobbies

Contemporary literature, marathon training, and community volunteer mentoring.
